

MediScribe

(AUSTRALIA)

Who Are We?

We are an AUSTRALIAN company based in South Australia employing local resources, Also deeply involved in the Medical and IT industry throughout Australia.

What Service do we Provide?

We supply an electronic medical transcription service to Medical Practitioners and Clinics.

How fast can we provide this service?

We are dedicated to providing at least a 48 Hour turnaround time for WORD documents.

Will this service be cost-saving?

Yes, making use of this service saves the money, otherwise required, to provide office space, equipment and a medical transcription typist, with wage and super.

What about confidentiality?

Each medical transcription typist must read and sign a confidentiality agreement, to which they are legally bound.

What about an Emergency typing facility?

There is consideration for introducing this type of service, as required, in the near future.
